Suitable for 5mm or 10mm panel

PVC Edging Edge End Trim for Shower Aqua Wall Panel Cladding 5mm/10mm - Multipanel Aquabord Corner Trim White Chrome Silver

- Waterproof when sealed with silicone & a fantastic wall cladding alternative to ceramic tiles providing a neat finish/flush finish concealing cuts of shower wall cladding panels
- Hardwearing and durable - ideal for bathrooms - showers - kitchens
- Hygienic and easy to clean - no more mould - no more dirty grout
- Quick and easy to install - no grouting required - adhere to existing tiles - plasterboard - or other flat solid surface
- Choose between sizes suitable for 5mm panels or 10mm panels, approx 10mm of PVC remains on show when fitted
- 2.5m lengths ideal for floor to ceiling finishes without joins & gaps
- Choice of colours White or Chrome Silver Finish to suit a range of shower wall cladding panels
